Flock

{{title_prefix}} Suffolk County

County-Wide Coverage. Rapid Deployment. Proven Results.

Suffolk County spans hundreds of miles of roadways, parks, correctional facilities, airports, and town properties—requiring flexible, scalable public safety coverage across the Sheriff's Office, code enforcement, transportation, and emergency management without major infrastructure investment.

Flock Safety **gives Suffolk County a unified platform for LPR, audio detection, mobile trailers, and traffic analytics** that deploys in under an hour and scales across every town and agency—from Sheriff patrol routes to illegal dumping hotspots in the Pine Barrens.

The Flock Advantage

The largest public-private safety network.
Our intelligent platform unites communities, businesses, schools, and law enforcement, combining their power to solve and deter crime together.

Technology that's always up-to-date.
Flock's platform ensures you get automatic updates and new features. We keep your tools modern and mission-ready.

Privacy-first. Always Accountable.
We built Flock with privacy at the core. Communities own their data and we include built-in transparency tools. You get safety, with accountability.

Everything connected, no silos.
Flock's open ecosystem unites all your safety tools — LPR, video, audio detection and third-party integrations — on one seamless platform.

Proven at Scale

- 20% of reported crime in the U.S. solved using Flock
- 5,000+ agencies using Flock across 49 states
- 2,000+ missing people reunited with families
- 1 in 3 law enforcement officers uses Flock
- 1,000+ Flock sensors on Long Island
