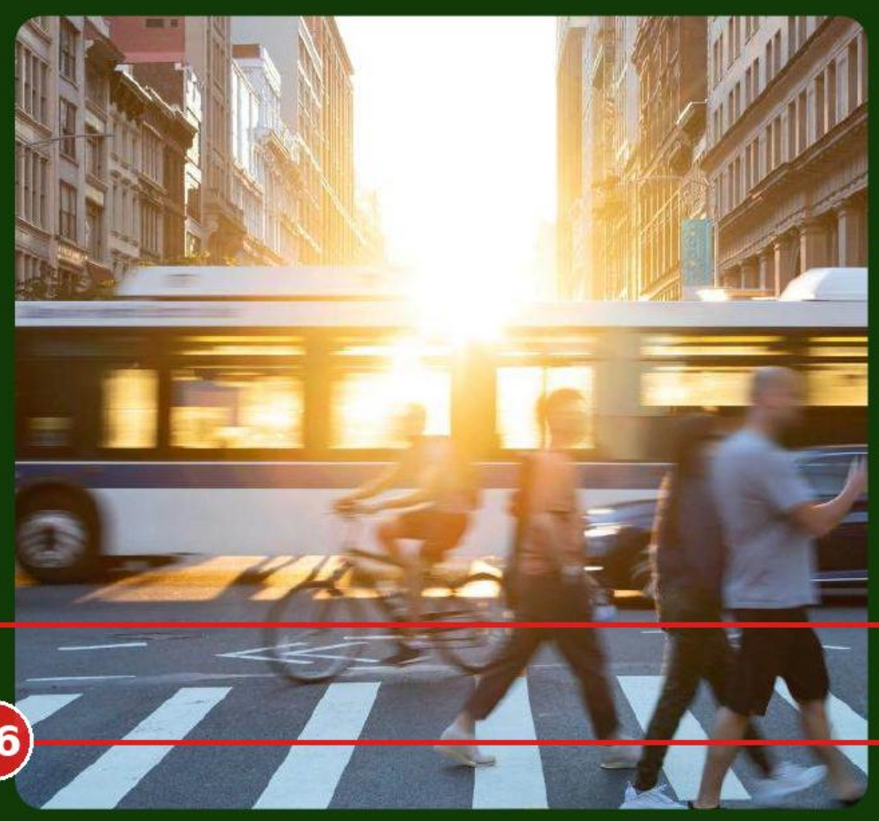
Flock Safety

Flock Safety for Transit Agencies

Real Time Awareness. Rapid Response. Safer Transit.



Transit agencies manage complex, high-traffic environments—from stations and platforms to bus hubs, park-and-ride lots, bridges, and tunnels. While cameras have been shown to improve crime resolution by 25%, disconnected systems and visibility gaps can still slow response and investigations.

Flock brings these environments together, **providing teams situational awareness across the entire transit network.** With clearer insight into activity and incidents, agencies can address issues earlier, protect riders and staff, and respond with greater confidence.

The Flock Advantage

The largest public-private safety network

Our intelligent platform unites communities, businesses, schools, and law enforcement, combining their power to solve and deter crime together.

Technology that's always up-to-date.

Flock's platform ensures you get automatic updates and new features. We keep your tools modern and mission-ready.

Privacy-first. Always Accountable.

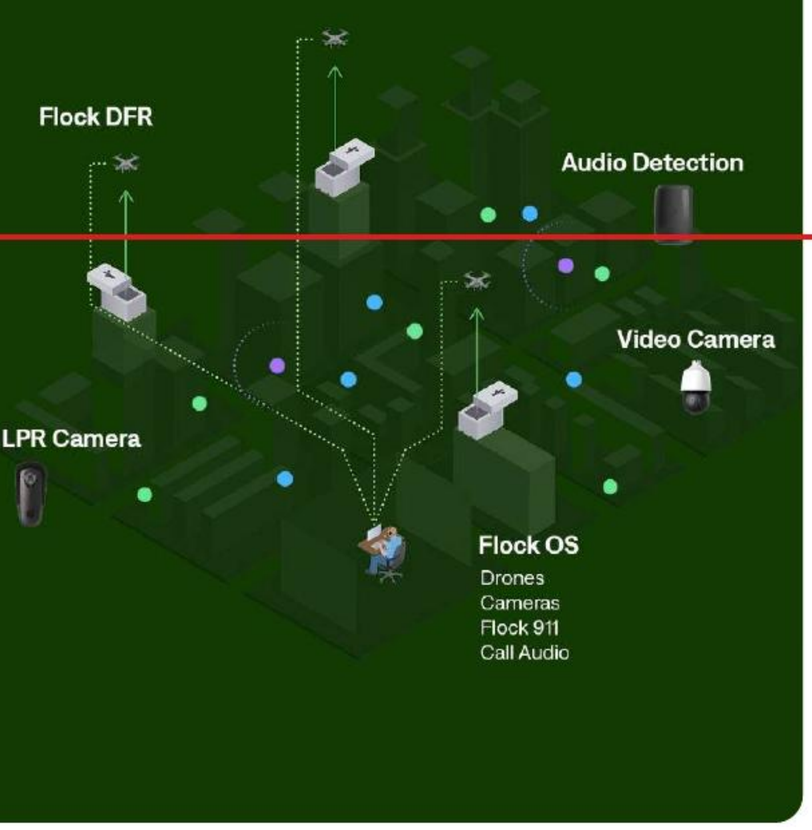
We built Flock with privacy at the core. Communities own their data and we include built-in transparency tools. You get safety, with accountability.

Everything connected, no silos.

Flock's open ecosystem unites all your safety tools — LPR, video, audio detection and third-party integrations — on one seamless platform.

Proven at Scale

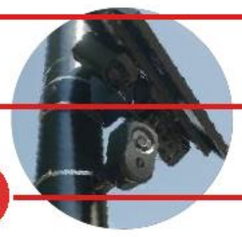
- 20% of reported crime in the U.S. solved using Flock
- 5,000+ agencies using Flock across 49 states
- 2,000+ missing people reunited with families
- 1 in 3 law enforcement officers uses Flock
- 23,000+ Flock sensors within 500 miles of New York City



Joe Rosenberg | Major Account Lead, New York | (914)-203-3281 | jrosenberg@flocksafety.com

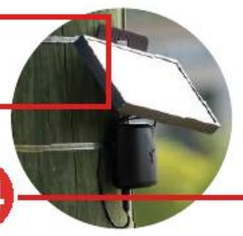
Flock Safety installs quickly and connects directly with your existing systems. Installation, maintenance, upgrades and support are all included.

Flock Products for Transit Agencies



LPR CAMERAS

Solar-powered, infrastructure-free cameras capture vehicle entry and exit in parking areas, using Vehicle Fingerprint® Technology to support timely, informed response.



AUDIO DETECTION

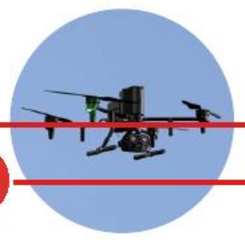
Detect gunshots, vehicle crashes, and calls for help around stations, platforms, and parking facilities, delivering verified alerts to designated responders.

LIVE VIDEO CAMERAS

AI-enabled PTZ cameras monitor activity across facilities and generate alerts without the need for constant manual monitoring.

MOBILE SECURITY TRAILERS

High-visibility deterrence with 24/7 video coverage- solar powered, infrastructure-free and ready to deploy wherever extra security is needed.



FLOCK DRONE AS FIRST RESPONDER (DFR)

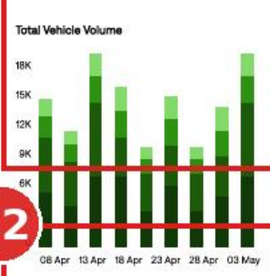
A DFR system enables rapid launch from toll plazas, supporting faster emergency response and aerial infrastructure inspections.

VIDEO INTEGRATION

Search live video with plain-English queries, receive real-time alerts, and view existing camera feeds in one platform to improve monitoring and response.

PROFESSIONAL SERVICES

Dedicated consulting and account support for strategic planning, implementation, training, and ongoing operations.



ANALYTICS AND REPORTING

Surface movement patterns and incident trends to support planning, staffing, and operational decision-making.

Flock is proudly based in Atlanta, Georgia. Our products meet NDAA Compliance requirements.

Flock Safety

Flexible Technology to Match Your Goals

FEATURE	WHY IT MATTERS
Resolve Cases Faster	Use objective data to strengthen investigations across transit environments and surrounding roadways
Protect Fare and Toll Revenue	Identify fake, swapped, or ghost plates tied to toll evasion and repeat abuse.
Instant Aerial Awareness	Deploy drones in seconds to deliver live aerial views that support response and incident documentation across transit environments.
Real-Time Incident Detection	Detect shootings, crashes, and distress through audio alerts around stations, platforms, and parking facilities.
Actionable AI Insights	Apply AI-powered search and alerts across existing camera systems to reduce manual review and accelerate investigations.
Work with Existing Systems	Integrate with CAD/RMS, VMS, and evidence platforms, so teams avoid rip-and-replace projects while maintaining auditability and accountability
Interagency Coordination	Opt to share with authorized state, and local law enforcement for joint response and investigations.
Rapid, Flexible Deployment	Deploy solar-powered, infrastructure free systems quickly to support emergency or temporary events and operations.

Smarter Tools. Safer Transit.

Flock helps transit leaders **improve safety, strengthen response, and support day-to-day operations** across complex transit environments. Learn how Flock can fit into your environment.

Chief Stuart VanHoozer
Chief of Police, Cobb County Police Department (GA)

"Flock Safety is the single best tool I have seen in 30 years – enabling true community policing. Flock unites us with our neighbors and businesses and directly develops leads we would not develop without this technology."
